THE PERFECT  
**DISPERSION**

Leaders in Manufacturing and Supply  
of Color Masterbatches

# Grand Master of Color Masterbatches

Hind polyblends established in the year 2018 is a renowned manufacturing and supply hub of colorful masterbatches based at G.I.D.C Metoda, in Rajkot city of Saurashtra region in Gujarat state of India. It is spread over **18000 Sq.ft area with state-of-the-art manufacturing facility**, modern infrastructure, new age machinery and cutting-edge technology.

With the preserved knowledge of more than 5 years in producing masterful color masterbatches and passion to reinvent and innovate, today the 3rd generation of family has taken over the reins to scale greater heights and set a benchmark in producing finest quality of color masterbatches. **Our existing production capacity stands at 2000MT/ANNUM as we aspire to reach 3000MT/ANNUM**

We have the spotless reputation and trust of clientele across the globe in delivering high-grade color masterbatches by using quality raw-materials, following best manufacturing practices and maintaining total transparency.

## VISION

To manufacture diverse range of high-quality color masterbatches by constantly innovating and embedding novel engineering plastic concepts, facilitate comprehensive technical support and provide tailor-made plastic related solutions to the industry.

## MISSION

- To innovate and integrate technology with manufacturing processes and produce high quality color masterbatches.
  - To be the leading and largest supplier of engineered plastic color masterbatches globally.
  - To remain committed towards sustainable development, reduce energy consumption and environment preservation.
-

# CORE VALUES

## TRUST

100% customer focus and total dedication towards standard manufacturing practices and customer needs.

## TRANSPARENCY

Every member in the team acts with total integrity and fosters healthy customer relations with honest communication and informed approach.

## INNOVATION

Remain perpetually agile, embrace changes, and work with passion to manufacture finest products and applied services.

## QUALITY

We strive relentlessly to ensure high quality manufacturing performance with precision. We use authentic ingredients, quality raw materials and standard processes.

## TECHNOLOGY

To ensure optimum quality, we have invested in Twin Screw Extruders to enhance mixing efficiency, ensure high specific energy outputs and reliability to process solids and highly viscous material.

## QA & QC

We have an ultra-modern and well equipped inhouse QA & QC laboratory to check the quality and efficacy of the materials produced.

## PEOPLE

We are blessed to have a team of well-qualified chemical engineers, skilled labours and passionate office bearers with a sole focus to deliver quality with trust.

We produce  
the high-grade  
& high-quality

# MASTER BATCHES

## WHITE & BLACK

MASTERBATCHES

SUITABLE FOR

- Multi Layers Films
- Extrusion Lamination
- Blow Molding
- Injection Moulding
- Water Tanks
- Agriculture Films

## COLOR

MASTERBATCHES

SUITABLE FOR

- Outdoor Playground Equipment
- Toys
- PP Corrugated Sheet
- Woven Sack
- Shade Nets
- Mulch Films
- Housewares

## ADDITIVE

MASTERBATCHES

SUITABLE FOR

- UV Masterbatch
- Anti-static
- Slip Masterbatch
- Anti Block
- PPA
- Optical Brightener
- Antioxidant

## HIGH PIGMENT CONCENTRATE

MASTERBATCHES

SUITABLE FOR

- Fibers & Yarn
- Spun-bond
- Non-woven
